

PRO-MEASURES[™] ACCURATE EVERY TIME

PRO-MEASURES PRODUCT CERTIFICATION INFORMATION.

ISO Certified

All PRO-MEASURES[™] Jugs are made under ISO certified processes, specifically ISO 14001 environmental management and ISO 9001 quality management systems.

EU and FDA Compliant

We manufacture our products with materials that are safe for direct contact with food. All our jugs are compliant with the EU and FDA standards for food grade and food safety.

SMETA Audited

PRO-MEASURES[™] has been audited by the Sedex Member Ethical Trade Audit (SMETA). The results have determined that we are compliant with Sedex's four pillars: labour, health and safety, environment, and business ethics.

GLOBALG.A.P.

Good Agricultural Practices Adherent

Our jugs are suitable for agricultural operations and pass the requirements set by GLOBALG.A.P for Good Agricultural Practices.

LFGB Certified

PRO-MEASURES[™] has passed and been certified by the LFGB standards for safer food contact products. Our products are compliant to Europe's standards in food safety.
